

Holy Night Service

The constant refrain on television and in shopping malls and churches about the happiness of the Christmas season and getting together with family and friends, reminds many people of what they have lost or have never had. The anguish of broken relationships, the insecurity of unemployment, the weariness of poor health, the pain of isolation, the paralyzing loss of a child, the loneliness of no longer having a beloved spouse to share each day, the loss of a family pet—can all contribute to a feeling of being alone, or of ‘feeling blue’ in the midst of a season which seems to be all about ‘being happy’ and ‘celebrating’.

It’s during times like this, that we need to make the space and take the time to acknowledge our feelings and to know that we are not alone. To help with this process, *Living Waters* is holding a **Holy Night** service **next Thursday, December 13 at 7:00 PM** at the **Kingston House of Prayer**. An evening of Scripture, prayer, and music, this service acknowledges that God’s gift of Jesus that first Christmas morning is just as much for those who mourn and struggle, as it is for those who rejoice and celebrate. During the service, candles will be lit as a visual reminder that God’s Word comes to shine light into our darkness.

Please feel free to invite anyone who you feel might be blessed by this experience. If you have any questions, please speak to Rev. Manasse or the Rector.

MADAGASCAR MISSION & MARY SHERWOOD

Living Waters supports two schools in Madagascar: Akany Tafita, a school serving children in the slums of the capital city and Akany Famonjena, an orphanage. We have been asked to pray for the staff and children in both of these schools and especially to pray for: Tsiaro, a graduate now studying theology; Naina, a graduate at university who is having stomach issues; Armand, their driver and staff helper, who has heart issues and needs medication and for wisdom in buying a desperately needed new truck for the orphanage. Pray also for Mary Sherwood, Executive Director. For more information, speak to Ross Underhill.
